What can we say about A Perfect DJ except that the name speaks for itself. Dennis understood exactly what we wanted and needed for our wedding. He came to our rescue more than once and helped us through a very stressful time by becoming an event coordinator himself.

Dennis even filled in at the last minute when our pianist was unable to perform. Within 5 days of our wedding, he was able to learn the songs we wanted, organize them on guitar and turned them into a wonderful arrangement for our service.

He was part of every aspect of our event from live acoustic music for the ceremony, to playing the best music at our reception. I believe we were the lucky ones to have the privilege of working with Dennis and have him from start to finish, create the perfect sound track to our perfect day.

We look forward to working with Dennis and A Perfect DJ in the future and hope that everyone will have the same experience that we did.

Thank you Dennis Barela and A Perfect DJ.

Dennis, I just don't know how to thank you enough. If anyone ever says that choosing the right DJ is not important in a wedding give them my number. Your DJ services absolutely made the party for Sabrina's wedding today and Eva's (his daughters) last year as well. I just regret that I don't have any more daughters left to marry off so that I can hire you again!

"Hi Dennis, thanks so much for the great job you did at our wedding. We had so many comments about the excellent music. Thanks again. I've been sure to report back to the hotel that the DJ we chose was a storming success.

"I've dealt with A Perfect DJ for many years. From DJ to sound reinforcement to studio recording my experiences have been more professional than with most in the industry. Their attention to detail and results are superior!"

"You're the man, Dennis!"

Desiree: "The majority of my guests today said that you were by far the best DJ they have ever seen. Thank you so much for rolling with the punches since there were so many last-minute changes. If you ever need any references feel free to give customers my number because I would recommend you to anyone!"

David: "If you remember I saw you about a year and a half ago when I was the photographer at another wedding you performed at. When I saw you perform I was immediately impressed by your professionalism. You were able to maintain your composure and deliver an awesome performance during total chaos. Believe me, I see a lot of DJ's and you stand out above the rest. I had kept your business card ever since then and we eventually hired you. Today, you didn't let me down and you delivered on a great performance. Thank You!"

"You helped make our wedding a success...and I wanted to thank you again for all the time and effort you have put into making our (wedding) day special. We'd recommend you to anyone!"

You totally impressed my guests today! Some flew-in from other countries and most are from all over the United States. The resounding comment is that they had never been to a wedding before where the dance floor was never empty. They also said that your introductions made them think they were at a Hollywood awards ceremony. You blew them away! They thought your music selections for the announcements, intros, toasts, bouquet and garter perfectly matched the activity and the persons involved. I can't thank you enough!

On behalf of the Board of Directors and all of the residents of the Vintage Hills Planned Community Association, I would like to extend our deepest thanks for the excellent service A PERFECT DJ provided during our Fourth of July event. With your five-star expertise and sensitivity to the crowd, our annual event was a wonderful success.

"You made this day extra special for Kenny & Lisa. Thank you for being a part of their wedding day."

Dan & Lisa James (Proud Parents) - Brea, CA

You were a bit more expensive than some of the other DJs we spoke to but now we know that you were worth every penny!

Maria Marquez; Romoland, CA

Hi Dennis, I called on your references and everyone had nothing but great things to say about you. The same message I kept hearing from people was how personalized you make the reception/party. One of the company's said that they used you for last year's Christmas Party and they said they are going to use you again this year. (did you know that?) Another talked about how they were in a jam a week before their wedding and you bailed them out.

Long story short, we would love to go with you. So what is the next step to booking?
